

MONITORING WELL SUMMARY

| | |
|--|--------------------|
| Well Number: _____ | Date: _____ |
| Installation: _____ | |
| Project Number: _____ | |
| Total length of screen and pipe: _____ ID: <u>2-inch</u> | |
| Length of screen: _____ Slot size: <u>0.010-inch</u> Material: <u>PVC</u> | |
| Height of well casing above ground surface: _____ | |
| Depth of well from ground surface: _____ | |
| Depth to top of sand from: | |
| Top of casing: _____ | |
| Ground surface: _____ | |
| Depth to top of Bentonite from: | |
| Top of casing: _____ | |
| Ground surface: _____ | |
| Depth to water before developing from top of casing: _____ | |
| QUANTITIES USED | |
| _____ Bucket(s) of bentonite | |
| _____ Gallon(s) of distilled water to hydrate bentonite | |
| _____ Bag(s) of sand (Lbs. Bags) | |
| _____ Bag(s) of cement (Lbs. Bags) | |
| _____ Bag(s) of concrete (Lbs. Bags) | |
| TYPE OF CASING: Flush mount: ___ Upright casing: ___ | |
